Dear Mr Silverman

Further to our previous correspondence regarding clean highways, I wrote to Mike Penning MP on your behalf stating that you were disappointed with his response dated 30 January. Please find enclosed a copy of the response I have received.

From the letter, I understand you have received a direct response from Mike's office inviting you to meet with Departmental and Highways Agency officials to discuss your concerns.

If after you have studied the letter there are any specific points you would like me to take up on your behalf, I shall be pleased to do so.

Thank you again for taking the time to write to me.

Yours sincerely

Jill Brown P/A
