25nd November 2010

Dear Mr Penning,

Motorway Litter

I recently became aware of your speech at the Transport Committee debate on Motorway Litter and realised that you share my concerns, and those of the Campaign to Protect Rural England (CPRE), about condition of our motorways.

I have taken the liberty of preparing the enclosed report which aims to answer the points you raised.

A copy was delivered to Marsham St on Monday. This is a duplicate just in case it went astray. I will also e-mail a pdf copy to you.

I work in co-operation with the CPRE and we would welcome the opportunity to meet with you to review the report.

If you feel this would be useful please get Holly Greig to call me.

Yours sincerely

Peter Silverman
