6 May 2011

Dear Sir

**Hearing 2pm, 9 May 2011**

**Complaint and Application for Litter Abatement Order by Mr Peter Silverman pursuant to Section 91(6) of the Environmental Protection Act 1990**

I write with reference to the above matter which is listed for hearing at 2pm on Monday 9 May 2011. I act for the Secretary of State for Transport, the Respondent.

My client accepts that it has a duty to keep the highway in question clean under section 89(2) of the Environmental Protection Act 1990. The Respondent will contend that this duty has been discharged and there are no grounds for the Court to make a Litter Abatement Order under section 89(6).

In the interests of resolving this matter as swiftly as possible my client is prepared to pay the Complainant's reasonable costs incurred in bringing the complaint and the proceedings before the Court.

A copy of this letter has been sent to the Complainant by email and first class post.

Yours faithfully

Jessica Shoote
