Subject: Silverman vs Sec of State - Complaint for a Litter Abatement Order - Denham Roundabout

Attention

Sue Harwood, Treasury Sol's Dept, One Kemble St WC2B 4TS

Dear Ms Harwood,

Offer to resolve my complaint

If:

1. The Highways Agency arrange for the area I have complained to be cleaned.
2. Invite me to inspect the work shortly afterwards in the company of someone from the Agency
3. I find that the land is clear of significant accumulations / large items of litter (I will allow for the fact that litter may have been deposited just before my visit and will not nit-pick)

I will withdraw my complaint for a Litter Abatement Order

Please note:

- a. That I would be happy to restrict the inspection to areas that can safely be inspected on foot from the vantage point of the various pedestrian walkways.
- b. As it may not be practical to clean the whole area in one go I would be happy to carry out the above process on a piecemeal basis. In other words the Agency could clean up a section, meet with me to inspect it and then repeat the process for the other sections on other days.

Information request

Could you please arrange for your client to provide me with the following information which I plan to include in my evidence.

In the last 12 months and in respect to the area I have complained about:

1. How many times has an inspection been carried out by Highways Agency personnel (as opposed to employees of a contractor) to assess the degree of cleanliness or otherwise
2. On what dates did they take place
3. Please provide copies of the resulting inspection reports or other documents recording the condition of the land, and any follow up communications / meeting minutes etc including those with the relevant contractor(s).

Please note that I have duplicated this request at www.whatdotheyknow.com/request/m40_j1_cleaning/new

Evidence

I will provide this to you by 30th May. As I will want to include the information requested above I would be most grateful if you could expedite my request so that I receive it before the 30th.

Kind regards

Peter Silverman
