**Subject:** Responsibility for cleaning land at motorway slip road / roundabout junctions

Please refer to <http://www.cleanhighways.co.uk/highways-agency/m1-j15-slip-road-litter>.

I would like to draw your attention to the report of litter on land adjacent to the south bound exit slip of J15 of the M1.

This land abuts both the motorway slip road and the roundabout. The latter, I presume, is the responsibility of the local authority.

This situation must apply at almost all motorway junctions.

In those cases where there is no obvious dividing line how is responsibility for cleaning the land split between the Highways Agency and the relevant local authority?

I look forward to hearing from you.

Kind regards

Peter Silverman
