Subject: Re: HE's Letter to Barbara Keeley - M60 Area 10

Dear Mr Silverman,

I am writing in response to your emails to Colin Matthews of 22 September and 7 July about the contents of a reply from David Brewer to Barbara Keeley MP.

Although checks have been made, I am sorry to say we have no record of receiving your email of the 7 July.

However, I can confirm your comments have been noted. We believe we have previously corresponded on the points raised and have nothing further to add at this time, other than to say that we continue to work with our contractors and stakeholders in support of the delivery of our litter strategy.

Yours sincerely,

Steve Brassey
