Subject: M3 Litter Reported.

Dear Mr Basson,

Thank you for taking the time to send in your observations around litter on the M3. Our service provider inspect the network weekly and should be programming in clearance works in accordance with the DEFRA Code of Practice. I have now ask our Network Steward to investigate with our service provider to ensure they have this area programmed and to report back on any litter activities to date.

I will ensure this information is then sent to you in a more detailed response.
Kind regards,

Wayne Moore

Subject:

Dear Mr Moore

I am writing to report the need for litter picking on M3 in Hampshire from Winchester Services northbound and also southbound from Basingstoke to these Services.

No clearance by HE contractors seems to be happening.

Is there not a KPI for them in place? No supervision appears to be operating.

I hope you can cause some early action to take place. Would you advise me of actions taken please?

Yours

David Basson
